- (c) Paid features, including additional storage and advanced AI chat capabilities, are subject to separate pricing and subscription terms.

3. User Content

- (a) You retain ownership of any content you create or upload to the Service ("User Content").
- (b) You are solely responsible for your User Content, including ensuring it complies with all applicable laws and does not infringe on the rights of others.
- (c) By using the Service, you grant us a non-exclusive, worldwide, royalty-free license to use, store, and display your User Content solely for the purpose of operating and improving the Service.
- (d) We disclaim any responsibility for User Content, including its legality, accuracy, or quality.

- (a) The Service may include links to third-party websites or services. We do not endorse or assume any responsibility for these third-party resources.
- (b) Your interactions with third-party content or services are solely between you and the third party.

5. AI-Generated Content

- (a) The Service provides AI-based chat and generation features. While we strive to ensure accuracy and usefulness, AI-generated content may be inaccurate, incomplete, or inappropriate.
- (b) You agree that you will not rely solely on AI-generated content and that we are not liable for any harm, damage, or loss arising from its use.

6. Limitation of Liability

7. Privacy

Your use of the Service is subject to our Privacy Policy, which explains how we collect, use, and protect your information.

8. Paid Subscriptions

(a) Certain features require payment. By subscribing to a paid plan, you agree to our pricing and payment terms.

(b) Failure to pay subscription fees may result in suspension or termination of your access to paid features.

9. Terms of Service and Payment

(a) Upon completing registration on the Website, the user is automatically assigned to the free "Basic" plan, which includes 10 tokens.

(b) The use of AI-based chat and generation features under the free plan is limited to a certain number of available requests. To increase the request limit, the user may purchase the "Plus" plan.

(c) Payment for the "Plus" plan and token top-ups are processed through the payment provider <https://stripe.com> and also via cryptocurrency payments.

(d) Payments made for subscribing to the "Plus" plan are non-refundable.

(e) A token is a universal internal currency used for billing AI-based chat usage. Users receive a specific number of tokens each month based on their plan: 10 tokens for the "Basic" plan and 1000 tokens for the "Plus" plan.

(f) Unused tokens do not carry over — at the beginning of each new month, the token balance resets to the monthly limit specified by the plan.

(g) On the "Plus" plan, users can purchase additional tokens. Purchased tokens are valid for one year. After one year, any unused purchased tokens will expire.

(h) When both plan-based and purchased tokens are available, plan-based tokens are used first.

(i) The cost of using each AI model, along with details on what is being billed, is specified in the price list available on the Website.

(j) Tokens are only deducted for a successful model response. If the request is not sent to the server or an error occurs, tokens will not be deducted.

10. Termination

(a) We may terminate or suspend your account at any time for violation of these Terms or other legitimate reasons.

(b) You may terminate your account at any time by ceasing to use the Service. Upon termination, any rights granted to you under these Terms will end.

11. Indemnification

You agree to indemnify and hold us harmless from any claims, damages, losses, or expenses, including reasonable attorneys' fees, arising out of your use of the Service, your User Content, or your violation of these Terms.

12. Governing Law

These Terms are governed by and construed in accordance with the laws of Finland. Any disputes arising under these Terms will be resolved in the courts of Finland.

13. Changes to Terms

We reserve the right to update or modify these Terms at any time. Changes will be effective upon posting. Continued use of the Service constitutes acceptance of the updated Terms.
